If it's Morse-Made it's correct.
If it's correct it's Morse-Made.

If the test of time when applied to your clothing reveals flaws in the fabric, in the workmanship, or in the fit, it is certain you paid more for the garment than it was worth, no matter how little you paid.

Morse-Made clothing is good when you buy it.
It stays good until it has worn out.

And it doesn't wear out until it has given you the service equivalent to every cent you paid for it. If that is the sort of clothing you want to wear, ask your dealer for it and look for our label inside the inside coat-pocket. If he doesn't sell it, write us and we'll tell you who does.

Our sizes start at 7 yrs. in boys' clothing.

MONTPELIER

Supt. Smith reports that the water at the reservoir is the highest that it has been since he has been connected with the water department. It is now running over the dam the entire length six inches deep.

Thomas Carroll, who has been at Hoston hospital for an operation, is getting along in splendid shape and an early recovery is looked for although it will be some days before he will be well enough to be discharged from the hospital.

Edward Andrews, the mirthful individual, who was informed by Overseer Lamphier that he couldn't prolong his visit in Montpelier any longer at municipal expense, took his departure Wednesday, produced money enough from some unknown source to purchase a ticket and said he was going to Fort Ethan Allen.

Harrison Lombard, who resides near Montpelier Junction, finds great interest taken in the construction of the five track round house being built there by the Central Vermont Railway company. He has had several opportunities to rent his house, and some of the applicants are disappointed because he will not move out and give them possession. He thinks that several houses at the Junction would rent well at this time.

A letter was received yesterday by Mrs. Eva Conlin from Mrs. Earl Green, her daughter, who has been in the Philippine Islands with her husband for the past two years that she and Mr. Greene expected to leave for the United States and Montpelier on or near the first of December. Mr. Greene has been stationed on the islands for two years and has held the position of first sergeant of the hospital corps, which is one of the best stations offered. Mrs. Greene was Miss Eva Conlin.

Mr. and Mrs. Jeremiah Willett, who were married Wednesday in St. Augustine's church went yesterday to Concord on a brief wedding trip before leaving for their home in Burlington. About twenty young friends of Mrs. Willett, who was Miss Elvira Lohelle, gathered at the station before the wedding couple and gave them a royal send off, deluging them with rice, confetti and tying old shoes by the carload to the suitcases and trunks. The station looked like the scene of a gory battle when the train pulled out.

On Wednesday evening Dr. E. C. Barrett tested the thirty cows belonging to James Pembroke and found them all sound this morning. Since the first of April Dr. Barrett has tested a total of 1,236 cattle and of that number he has ordered 67 killed. Of these killed there were 30 from two farms, leaving 37 cows killed from other herds. These cows were scattered about in this section of the state, many of them being outside of the county. Of the cows whose milk comes into this city there have been 392 tested and 23 killed.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

GETS DAMAGE FROM SPARKING.

Central Vermont Locomotive Played the Game With Thomas' Barn.

Burlington, Nov. 8.—The jury in Chittenden county court gave the plaintiff a verdict yesterday in the case of Harry Thomas vs. the Central Vermont railroad after about a half hour's deliberation, awarding Mr. Thomas \$1,500 and costs.

The case was to recover damages for the burning of a barn and its contents in August, 1906, the allegation being that the blaze was caused by sparks from one of the railroad company's locomotives. The trial was begun Monday afternoon and the final argument and the charge were made yesterday morning. The jury getting the case at 10 o'clock. The question involved in the case was which way the wind was blowing the day of the fire. Mr. Thomas had several witnesses who said the wind was from the southwest of the barn, and the fire was from the northwest of the barn. The government record that the wind was from the northwest on the day in question.

The degree team from Barre, Green Mountain lodge will be present to work degrees. Per order E. Secretary.

Fiction Letters.

A fond husband was seeing his wife off with the children for their summer vacation.

As they got on the train he said: "My dear, wait, just you take some fiction to read while you are away!"

"Oh, no," she said sweetly. "I shall depend upon your letters from home for that."—Philadelphia Ledger.

The Heart Can't Stand Rheumatic Acid Poisoning.

To Free and Correct the Blood Uric-O Treatment is Advised.

There is great danger in those sharp, shooting pains through the chest and around the region of the heart. It means that poisonous uric and rheumatic acid are there ready to spring and grip tightly the muscles controlling the heart's action. Don't neglect these warnings, they are the danger signals nature flashes to you for help. You must neutralize and drive these dangerous poisons from the system, or sooner or later they will overcome you.

The only sure way to cure Rheumatism is to get at it from the inside with Uric-O. It acts with marvellous swiftness upon the muscles, kidneys and blood. Clears out the sand-like deposits in the muscles, forces the kidneys to perform those duties for which they were designed and neutralizes the acid within the blood.

Your physician will admit this is the only true way to cure rheumatism permanently, and should know that Uric-O is the one remedy that will do it successfully and permanently. Uric-O is a liquid taken internally, three times daily, and does not contain any morphine, opium or other so-called "pain deadeners." It is good for Rheumatism in any form. Sciatica, Muscular, Inflammatory and Articular Rheumatism all yield readily to Uric-O. Write the makers of the remedy and they can tell you of many wonderful cures that Uric-O has made right here in your own town.

It sells for 75c and \$1.00 the bottle or you can obtain a trial bottle free by writing to The Smith Drug Co., 166 Smith Building, Syracuse, N. Y.

Uric-O is sold and personally recommended in Barre by The Red Cross Pharmacy or Rickett & Wells.

AMUSEMENT NOTES

Gave Excellent Satisfaction.

"A Dutchman's Honeymoon" was presented at the Abbott last evening by Frank L. Whittier's company of finished players. Robert T. Patterson as Adolph Busch and Charles I. Lane as Hans Schmitz presented two as funny German characters as are often seen, not overdoing their parts at any time. Annie Ince made a fine bridge. Busch. The other characters were artistically carried out by Harry F. Smith, Kolter Faets, Harry Norton, Joseph Clarkson, Viola Patillo and Grace Peck. The specialties were very good. The skit by Mr. Patterson and Miss Peck was especially worthy of mention. The company is well balanced and gave the audience two and one-half hours of good hearty laughter—Rome Daily Sentinel. At the opera house tonight.

"The Hottest Coon in Dixie" company a colored organization that has proved their merit in the cities, will produce the "hot" musical comedy of that name at the opera house next Saturday evening, Nov. 9. The show is composed of two acts and an olio, and, during the performance, the audience is given a little of everything from ragtime twisting to clever soft-shoe dancing, and from the real old coon shouting to beautifully rendered ballads and operatic selections. The comedy is full of laughable situations, and, in the hands of Mr. Gideon's clever company of comedians, the piece goes with a dash. The fine colored band that accompanies this attraction will give the usual noon and evening concert.

Facilis Descensus Averni.

"Just got back from Seattle, my old home, you know," commented Manager O'Donnell of the Holland, "Hustling town, but I told 'em up there I'd rather be a lamppost in San Francisco than a class A building in Seattle. But, just the same, sure shooting. If McCarthy's elected I'm going to pack up and go to Seattle for the next two years, because there'll be soup kitchens in this town by next January."

"Better not say that outside too often or you'll get the face beaten off you," admonished a guest. "One of my men showed up for work yesterday with a black eye and his head all over welts. 'What's the matter, Ed?' I inquired."

"Politics and punches," he said. "It was this way: I seen a blackboard on what was printed with chalk a big notice that read:

"McCarthy meeting will be held here tonight."

"I steps up, wets my thumb and wipes out the loop on the d. Well, it happened quicker than advertised."—San Francisco Chronicle.
